

*Advancing gender equity for women and girls through research, education and advocacy.*

July 1

Greetings Fellow AAUW MO Branches!

Kirkwood-Webster Groves Branch has designed this VOTE sign as part of a statewide Get Out the Vote project, and AAUW MO is making up to 10 signs available to each MO branch for its members to display or to donate to local organizations or public places.

Branches may purchase as many signs as desired at cost (\$4 for sign and stand) and sell them at \$5 each as a fundraiser for your branch. The cost of a sign is very low compared to Office Depot because we have had hundreds of signs printed. Encourage your members to sell signs to family and friends, students, community organizations, etc. Signs can be displayed in yards, windows, community centers, meetings, and public places.

Our branch is purchasing additional signs so that all of our members will have one and to sell to the public. We plan to donate signs to local politicians, writers for newspapers, schools, etc., and we will sell them at tabling events at Equality Day Brunch and Greentree Festival.

The sign has no expiration date and can be used for every election. We suggest that they be displayed for at least one week before each election.

Please use the order form below to place your branch order. We will make every effort to coordinate the delivery of the signs to the July 30 AAUW MO board meeting in Fulton.
